

OUT-OF-STATE (OOS) PATHWAY TESTING INFORMATION

This testing information pertains to applicants who completed educator preparation programs for teaching, pupil services, and/or administrator licensure at a college or university headquartered outside the state of Wisconsin, including online colleges or universities and out-of-country (non-U.S.) colleges or universities. Educators who live outside Wisconsin but completed a Wisconsin educator preparation program are considered in-state applicants.

All applicants for Wisconsin teaching, pupil services, and administrative licenses through the out-of-state pathway must provide passing scores on all required tests, including tests of basic skills and content knowledge tests. For some licensure areas, the Foundations of Reading Test for Wisconsin is an additional content knowledge test.

I. BASIC SKILLS TESTS

All applicants who completed approved educator preparation programs after August, 31, 1992, and are seeking Wisconsin licensure must demonstrate basic communication skills in reading, writing, and mathematics. Out-of-state applicants for Wisconsin licensure must demonstrate basic communication skills in reading, writing, and mathematics by providing an original score report with passing scores from standardized tests approved by the state superintendent. Wisconsin will allow these options for out-of-state applicants:

- A. Submit evidence of passing the comparable basic skills tests approved by the state in which your educator preparation was completed, **OR**
- B. Submit evidence of passing a college entrance exam approved for Wisconsin, **OR**
- C. Submit evidence of passing a reading, writing, and mathematics standardized basic skills test approved for Wisconsin.

A. Basic Skills Tests from other states

Basic Skills Tests Other States	Passing Score
If you have taken a comparable basic skills test in reading, writing, and mathematics for licensure in another state (e.g., ITBS, MTLE, MTTC-PRE), you may provide a score report, and the WI Dept of Public Instruction (WDPI) will review to determine whether it is acceptable.	Passing Score determined by the state where the exam was taken
<i>Original score report test results must be uploaded with license application</i>

II. FOUNDATIONS OF READING TEST FOR WISCONSIN

Effective January 31, 2014, all applicants applying for a Wisconsin teaching license in elementary education (PK-5), special education, or reading (see list below) are required to pass the Foundations of Reading Test for Wisconsin, a test of reading instruction knowledge and skills administered by Pearson Education, Inc. This requirement is in addition to the current content testing requirements for each license.

The passing score is 240.

Applicants for these Wisconsin licenses must pass the Foundations of Reading Test for Wisconsin:

- Regular Education – Early Childhood (1777)
- Early Childhood Education (1083)
- Regular Education – Early Childhood-Middle Childhood (1777)
- Regular Education – Middle Childhood-Early Adolescence (1777)

III. WISCONSIN CONTENT TESTS

Applicants who completed an approved educator preparation program after August 31, 2004, are required to complete the appropriate content test(s) listed below. Applicants must successfully complete the exact test(s) listed below; no comparable Praxis II tests or tests required in other states are accepted in lieu of the specific Wisconsin test. Wisconsin does not issue licenses on the basis of passing a content test that was completed in another state.

Refer to <http://tepd.dpi.wi.gov/licensing/educator-licenses-general> to understand the license types and developmental levels of licenses in Wisconsin. In particular, please note:

- Applicants who completed an elementary education program after August 31, 2004, and wish to apply for licensure at the early childhood-middle childhood developmental level (EC-MC, ages birth to 8), must have at minimum a concentration or minor in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) is more likely appropriate.
- Similarly, applicants who wish to apply for licensure in early childhood special education must have significant preparation in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) in cross categorical special education is more likely appropriate.
